Determining the Housing Equity Allowance or Housing Allowance

Use only one section, B or C below

If your parish provides a PARSONAGE for the use of your pastor and his/her family, complete Section B immediately below, and omit Section C which follows. If your parish provides the pastor with a HOUSING ALLOWANCE, omit Section B and complete Section C.

B - Housing Equity Allowance (with parsonage)

When a parsonage is furnished rent-free as a part of the pastor's compensation, it must be remembered that the pastor does not have the opportunity to build equity as do homeowners. Some parishes choose to compensate for the lack of equity with a Housing Equity Allowance.

The following suggested contractual provisions are recommended in support of a housing equity allowance for pastors whose congregations provide a parsonage:

1. the housing equity allowance be an amount equal to at least 3% of Line (E1) (Defined Compensation);
2. the congregation pay this amount in regular installments to a depository agreed to by the congregation and the pastor;
3. use of the funds be limited to the provision of housing whenever it is needed, specifically at the time of retirement, disability or death or when a congregation disposes of its parsonage;
4. provision be made for changes of depository when required by re-location provided that the original contractual limitations for the use of funds be maintained.

Enter amount to be paid here.

B. \$ _____
Equity Allowance

C - Housing Allowance (without parsonage)

If your parish provides a Housing Allowance for your pastor and his/her family, this amount should be sufficient to provide adequate housing as well as care for the related expenses of utilities and upkeep. Your pastor may exclude the Housing Allowance from his/her taxable income up to the "fair rental value" of a furnished home plus utilities, to the extent that the allowance is actually expended for housing. Expenses which qualify to be used for a Housing Allowance include payments on purchase, principal and interest payments on mortgages, taxes, utilities, maintenance, insurance, furnishings, landscaping, etc.

The Housing Allowance for 2010 is to be an amount that accurately reflects local conditions. The minimum housing allowance range recommended by the synod for 2010 is \$13,300 to \$16,300. Congregations located in areas of the synod where housing is more costly should consider the higher amount in this range as the minimum.

Place the amount designated for Housing Allowance here:

C. \$ _____
Housing Allowance

D - Social Security Allowance

For Social Security purposes, pastors are taxed as if they are self-employed. In 2010, self-employed persons are required to pay an effective rate of 15.30%.

Synod policy is that congregations assume at least 50% of the Social Security tax which the pastor is required to pay or an equivalent amount if the pastor has opted out of Social Security.

PART II. Determining Cost of Benefits

E - Pension Contribution

In the Upper Susquehanna Synod, the recommended minimum contribution rate is 12% of Defined Compensation as calculated below.

DEFINED COMPENSATION: This figure is used by the ELCA Board of Pensions in calculating all benefit contributions.

Waiver of Medical-Dental Coverage Possible

The ELCA Medical and Dental Benefits Plan provides for necessary health benefits coverage for pastors, lay employees, and their families and discourages unnecessary duplicate coverage. Sponsored members and/or their spouses and children who are eligible for medical benefits coverage through a spouse's employer or through a former employer may waive ELCA plan coverage, while continuing to participate in the ELCA disability, survivor, and pension plans. The option of waiving coverage is particularly attractive for members who can obtain medical coverage at subsidized rates through a spouse's employer plan. **Unless your pastor's spouse and/or children are covered under some other group insurance plan, the church is expected to provide their coverage.**

F - Medical and Dental Benefit Plan

In 2010 the Medical and Dental Plan contribution will be determined using the following rates:

Member Only	<u>13.10%</u>
Member/Spouse	<u>22.90%</u>
Member/Children	<u>22.90%</u>

Disability Insurance

As a benefit of participation in the ELCA Benefits Plan, your pastor has Disability Insurance. The Disability Plan will pay 66 2/3% of defined compensation less Social Security and Worker's Compensation disability benefits.

The parish provides full compensation, including housing, for the first two months of disability on a self-insured basis. The parish is also expected to pay the medical, dental, and survivors insurance contributions during the first two months of disability. Thereafter, the Disability Plan would pay these premiums, and the pastor becomes eligible for the three types of benefits listed below as long as the pastor is considered partially or totally disabled (as defined by the plan), up to the pastor's full benefit retirement age, as defined by the Social Security Administration:

1. monthly benefit,
2. continuation of contributions to the Retirement Plan, and
3. continuation of health and survivor benefits coverage.

H - Flexible Spending Account (FSA)

Many ELCA pastors, rostered laypersons and lay employees of ELCA congregations and organizations are looking for ways to help pay for rising out-of-pocket health care and/or dependent care expenses. One way to help soften the burden of these increasing costs is through flexible spending accounts.

A flexible spending account (FSA) is a type of "cafeteria plan." With a FSA plan, ELCA congregations and organizations (i.e., employers) can enable their employees to set aside payroll dollars on a pre-tax basis to pay for certain out-of-pocket expenses, including:

1. certain health care expenses that are not paid for or reimbursed under the ELCA Health Benefits Plan or other health coverage, and
2. eligible dependent day care expenses

Individual congregations and organizations can administer an FSA plan. However, congregations and organizations are encouraged to work with an outside company that specializes in these types of plans. Because there are tax implications FSAs should be administered by someone who knows the rules. Confidentiality concerning reimbursements of health claims is also important. The ELCA Board of Pensions uses the services of Administration Resources Corporation (ARC) for its employees' FSAs. ARC is available to administer FSA accounts for congregations. You can contact ARC at (800) 588-2020 or <www.arcadministration.com>. To ask questions about a FSA, you can contact the ELCA Board of Pensions at (800) 352-2876 or <https://www.elcabop.org/Home/UnderstandMyBenefits/Flexible_spending_accounts.aspx>

PART III. Professional Expenses

Inasmuch as changes in the Internal Revenue Service rulings have made it difficult for many pastors to itemize and deduct their professional expenses (books, other published resources, business entertainment expenses, professional organization dues, vestments, etc.), it is recommended that first the congregation adopt the principle that all professional expenses incurred by the pastor and other employees will be reimbursed in full. The 1986 Tax Act provides that unreimbursed expenses up to the first 2% of adjusted gross income cannot be deducted by the pastor on his or her personal tax return. Adequate allowances, in addition to salaries, should be provided in the church budget to cover these anticipated costs. Finally, the Congregation Council should frequently review the allowances and their use to be certain that the pastor and any lay professional leaders are submitting reimbursement requests on a timely basis and are being fully reimbursed.

Four of the most frequent expenses are:

1. Automobile expenses
2. Continuing education
3. Book/Periodical expenses
4. Assembly expenses

There may be additional professional expenses in your unique parish situation. This matter should be discussed with your pastor.

I - Automobile Expenses

The largest single church-related expense for the pastor is the cost of transportation which includes fuel, repairs, insurance, tolls, etc. In the business world such expense is commonly covered by the employer. In 2009, the Internal Revenue Service allowed fifty five cents (.55) per mile deduction for business use of a car. Check with the IRS to determine the 2010 rate. The travel allowance should be adequate to cover all transportation costs to the pastor including automobile expenses.

Parishes should pay the full cost of car expenses incurred in the fulfillment of pastoral duties.

There are three options available:

1. Where extensive driving is required, a parish owned or leased car may be the most satisfactory approach
2. Reimbursement can be based on the actual number of miles driven.
3. A flat rate, regardless of mileage driven, could be paid; however, the parish and pastor must be careful how this is structured for income tax purposes.

Enter the Automobile/Transportation Allowance
or mileage rate here

J - Continuing Education

Professional church leaders (pastors and associates in ministry) need to have opportunities for continued growth in competence and understanding as they utilize their gifts in ministry. Continuing education is the way the leader enhances ministry abilities, acquires new skills, and experiences personal growth for a more effective ministry. It is the expectation of the ELCA that each professional church leader participate in 50 contact hours of continuing education annually. A contact

hour is interpreted as a period of 50 minutes in which the individual actively engages in learning under the supervision of another person or co-learning with colleagues.

Pastors and associates in ministry should develop a Continuing Education Covenant with their Congregation Council. This is an excellent step in developing a sense of shared ministry. The ELCA recommends that congregations contribute a minimum of \$700 each year for continuing education and that the pastor or associate in ministry provide a minimum of \$300 each year, as recommended by ELCA guidelines.

Congregations also are expected to cover the expenses of first call theological education for the first three years following a pastor's ordination. This cost is currently \$200.00 per year.

L - Assembly/Conference Expenses

Your pastor's attendance at official assemblies and conferences is a professional expense. Attendance at the assembly of the synod is expected; and all expenses for registration, lodging, and meals should be paid by the congregation or agency. Attendance at conferences should also be supported by the congregation or agency by payment of registration fees and other expenses. Discuss with your pastor his/her anticipated expenses in connection with assemblies and conferences in the coming year.

PART IV. Additional Benefit Items

Sabbatical Leave

Consideration should be given to granting a sabbatical leave to a pastor every three to five years in the present call, beyond the First Call Theological Education program. This leave is granted to provide an opportunity for the pastor to take an extended period of time for personal enrichment, study, spiritual growth, travel, skill development, research, and experimentation, all for the purpose of enrichment for continued service in the church.

It is recommended that pastors planning for sabbatical leave be in contact with the Office of the Bishop to talk about possible scholarships to offset congregational expenses and to discuss arrangements for plans for the leave. Arrangements for pastoral coverage during this leave will be made by both the pastor and the Congregation Council and satisfactorily completed prior to the beginning of the sabbatical leave. This leave would be granted for up to three months, with full pay. After this sabbatical, the pastor will remain in his/her parish for at least one year.

Vacation

The need for an annual vacation is self-evident. A pastor is frequently under much stress in his/her profession and needs time away. The synod recommends a minimum of one month or four weeks vacation. The congregation should consider granting additional vacation time based on the length of service in the ministry. The length of vacation time, the number of Sundays, and when vacation time is to be taken are all matters which need to be discussed openly with your pastor and should be considered an important part of his/her compensation.

Further, a minimum of one day off each week is a necessity. After discussing with your pastor, note the agreement in the space below.

The Vacation Agreement with our pastor is as follows:

Vacation of _____ per year, including Sundays.

Maternity or Paternity Leave

A specific maternity leave plan should be carefully drawn up. This should include up to six weeks with full salary, housing, and benefits. The number of weeks of leave before and after the birth or adoption of a child should be specified in advance. Any other specific conditions should be clearly defined in a written document. To offset the expenses of maternity leave to congregations who provide at least six weeks of maternity leave, the Upper Susquehanna Synod will provide reimbursement of Sunday supply pastors for a maximum of three Sundays. Pastoral care for the congregation will be provided by local pastors under the auspices of the Dean of the Conference.

Paternity leave is highly recommended. This should include up to four weeks with full salary, housing, and benefits. The number of weeks of leave before and after the birth or adoption of a child should be specified in advance. Any other specific conditions should be clearly defined in a written document. To offset the expenses of paternity leave to congregations who provide at least four weeks, the

Upper Susquehanna Synod will provide reimbursement of Sunday supply pastors for two Sundays. Pastoral care for the congregation will be provided by local pastors under the auspices of the Dean of the Conference.

Holidays

Time away from the parish must be made available in observance of recognized holidays. How many days and when they are observed must be mutually agreed to in advance to accommodate the needs of both the parish and the pastor.

Sick Leave

The pastor should be allowed a certain number of days of work missed on account of illness as mutually agreed in advance. Such leave is in addition to vacation time.

Tax Sheltered Annuity (TSA)

Contributions made to an approved Tax Sheltered Annuity on behalf of the pastor are not taxable in the year made, but are taxable in the year they are withdrawn, e.g. in retirement. Additional contributions up to the amount permissible by the Internal Revenue Service may be made to the Board of Pensions and/or other approved depositories. The pastor should write to the Board of Pensions for details on the exact amount of additional TSA for which he/she is eligible. TSA contributions may be made in addition to Individual Retirement Account (IRA) arrangements.

Contributions may be made in addition to pension contributions. These contributions are restricted depending on the pastor and spouse's adjusted gross income. The amount of exemption from Federal Income Tax also depends on income.

Household Expenses and Furnishings Allowance

(Applicable only to pastors whose congregations provide parsonages. For pastors who receive a Housing Allowance, this is included in the Housing Allowance.)

An allowance may be designated out of base salary which may be used by the pastor for purchasing and repairing furnishings, and for certain other household expenses. The amount is determined by the pastor on anticipated expenses. To the extent that it is actually used for furnishings, etc., it is excludable from Federal Income Tax.

\$ _____

Medical/Dental Expense Fund (A FSA is another option, see p.9.)

Parishes may establish a parish Medical/Dental Expense Fund for the pastor and family. This fund would be administered by the parish. The amount for this fund would be determined on a yearly basis. The pastor would submit copies of his/her medical bills to the parish for reimbursement of the portion of the bill not covered by medical insurance. The parish fund would provide these reimbursements up to the limit of the fund. If in a given year the fund would not be fully used, the unused portion would continue into the next budget year.

HOUSING ALLOWANCE

The _____ Committee advised the Council that under the tax laws an ordained minister of the Gospel is not subject to Federal Income Tax with respect "to the rental allowance paid as part of compensation to the extent used to rent or provide a home." Where the pastor owns a home, this amount of the allowance will be an amount equal to the fair rental value of the home, including furnishings and appurtenances such as a garage, plus cost of utilities.

The Council, after considering the statement of The Rev. _____ setting forth estimates of the amount expected to be spent to rent or otherwise provide a home during the period _____, 20____, to _____, 20____, and in light of the Federal Income Tax law and of the established salary level, on motion duly made and seconded, and adopted the following resolution:

SECTION B: ASSOCIATES IN MINISTRY COMPENSATION AND BENEFITS GUIDELINES

PART I. Determining Compensation

A - Base Salary

The Synod Assembly presents the following base salary guidelines for associates in ministry of the Upper Susquehanna Synod for 2010. The Synod in Assembly annually adopts a minimum base salary schedule below which no associate in ministry serving a full-time position ought to be paid. Normally the bishop will not recommend candidates to congregations not meeting this minimum. When planning for your 2010 congregation budget and salary recommendations for next year, congregation leaders are asked to begin their consideration with the minimum figure (per years of service) for your associate in ministry. Congregations are encouraged to move beyond this recommended minimum figure as an expression of Christian responsibility within the Church, giving consideration to the needs of associate in ministry and family as well as merit increases.

Step 1: Fill in line (A1) with the BASE SALARY you are presently paying L.1 \$ _____
